SHAWBURY PARISH COUNCIL

Information taken from the Draft minutes of Shawbury Parish Council. Full minutes available from the website: www.shawbury-pc.gov.uk

Meeting held on Tuesday 9th January 2024 at 1900

Trees at junction of A53 & Wytheford Road: Details of the problem had been included in the report, in the Newsletter (January 2024 edition of this newsletter), on the local Facebook and the draft minutes of the last meeting had been published on the web site. No responses had been received and it was agreed that Mr. Blessington should be advised that there had been no objections to the sycamore tree being removed and the oak trees being properly managed.

Highways: Councillor M. Roberts reported that there had been three accidents in the past three months on the straight section of Wytheford Road and there was need for this road to be carefully monitored.

RAF Shawbury: Night Flying commenced on Monday 15th. January and will continue until Thursday 29th. February.

Shropshire Councillor S. Jones gave the following report: Currently the Council is very busy with the budget for 23/24 and the £51m savings that we are having to make in the current financial year ending 31 March 2024. So far through transforming the way the council works and renegotiating contracts and working smarter we have identified over £41m of savings of which c.£32m has been banked already and with the possible use of some of our reserves we are on target to balance our budget by 31 March 2024.

With the increased pressures on our revenue budget e.g. Inflation, the proposed increase in the minimum wage etc. there is an anticipated £30m savings required for the 24/25 budget plus the expected £20m additional pressure on Adult and Children's Social Care services that are a statutory requirement for the council to provide.

To date the savings have been made by transforming the way services are provided and managed with little effect on the residents of Shropshire. 24/25 will inevitably result in hard decisions having to be made with regards to discretionary services and fees and charges as we address the c.£50m savings required for 24/25.

As an example of the revenue budget we receive, for every £5 revenue we spend £4 that is 80% goes directly to providing statutory social care services for our adults and children. Of the £1 left, 50p goes directly to dealing with waste. The final 50p is for everything else the council provides from highways maintenance and public health to library services, leisure services and trading standards etc.
